## RESPONSIBILITIES

Mills County Public Safety Answering Point (PSAP)

712-527-4871

Coordinate with the incident commander as to whether a diversion route is needed and which one should be implemented.

- Notify Iowa DOT statewide TMC of route implemented, incident specific or maintenance needs, and who the incident commander is.
- Dispatch County Sheriff, local law enforcement, and fire departments as needed.
- Inform local municipalities and other jurisdictions that a diversion route is being implemented.
- Deploy law enforcement to direct traffic at critical locations as needed.
- **Emergency Responders:**
- Secure scene.
- Provide incident information, diversion route recommendations, and towing needs to E911.
- Minimize impact to traffic.
- Provide manual traffic control as needed, or as directed by E911 at critical locations.

### Iowa DOT Statewide TMC/MVE

Deploy informational DMS and 511 messages to alert motorists of construction, delays, incidents, closures, etc. and/or directional DMS messaging to direct traffic to the implemented diversion route.

- Monitor incidents and critical locations along the implemented diversion route.
- Coordinate with Iowa DOT maintenance facilities regarding traffic control needs.
- Deploy PDMS and Portable CCTV devices as needed for longer duration incidents.
- Coordinate with local municipalities regarding the modification of signals, signal timing, or stop signs.
- Coordinate with railroad authority regarding key crossings along the implemented diversion route.

### Iowa State Patrol Comm. Center

Dispatch State Patrol.

**On-Scene Incident Commander:** 

- Secure scene. •
- Notify appropriate communications center of incident location, anticipated duration, affected lanes, and identify • the incident commander.
- Coordinate with the communications center regarding diversion route needs.
- Minimize impact to traffic through coordination of on-scene traffic control. •
- Ensure overweight and oversize vehicles are parked. •
- When the incident is safely cleared, notify the appropriate communications center that the diversion route is no • longer needed.
